RESTORED TO HEALTH

BY THE USE OF

Ayer's Sarsaparilla

Mrs. M. A. Cumming, of Yarraville, Victoria, Australia, says:

"About a year ago, I had a severe attack of Influenza, which left me very weak, without energy, appetite, or interest in life. Obtaining little or no relief from doctors, or from the many remedies recommended to me, I finally tried Ayer's Sarsaparilla, and from that time, I began to gain health and strength."

I continued the treatment until fully recovered, and now have very great pleasure in telling my friends of the merits of Ayer's Sarsaparilla, and the happy results of its use. I consider it the best blood-purifier known."

Ayer's Sarsaparilla

THE LEGISLATURE.

JIMMY ROBERTSON PETITIONS FOR HIS BACK SALARY.

The Land Bill on its Third Reading in the Senate--What Was Done in the House.

Twenty-Fifth Day, July 15th.

THE SENATE.

The Senate was called to order by President Wilder at the usual hour. Prayer by the chaplain was followed by roll call and reading of the minutes. Senator Brown, the only absentee, arrived later.

Communications were received from the House stating that the joint resolutions relating to the fresh meat trade and the auditor's office had been passed; also that the Hilo Electric Lg t Bill, the Honolulu Electric Railway bill and the bill relating to the withdrawal of kerosene had passed the final reading.

A petition was received from J. W. Robertson, ex chamberlain of the ex queen, claiming \$2750 back salary. The petition cites a decision of the Supreme Court that his office is non-political and the fact that he performed the duties of his office until the recognition of the Republic of Hawaii by the United States, that \$2750 remains of the appropriation made for his salary and the further fact that he wants it and wants it badly. The petition was referred to the Judiciary Committee.

The report of the Labor Commission on "The Additional Agricultural Laborers Required" was distributed amid smiles. Senator Brown arrived too late to make any remarks thereon.

Act No. 13 in relation to motions for new trial was read a second time and referred to the Judiciary Committee.

A petition was received from residents and tax-payers of the district of Hamakua asking for an appropriation of \$5000 for necessary roads and bridges. Referred to the committee on Public Lands and Internal Improvements.

The Land Bill then came up on its third reading.

Senator Brown moved to strike out of Section 2 all that portion concerning town and building lots. Carried.

Minister Damon moved to amend Section 17 by inserting a provision that the Land Commissioner should have no power to lease tracts of land greater in extent than 1000 acres. In support of the amendment Mr. Damon stated that the matter had been considered in the Executive Council and that President Dole was highly in favor of it.

Senator Baldwin argued that a sufficient safeguard was already provided against large sales at low prices, as all the actions of the commissioners were subject to the approval of the Executive Council by the terms of the act.

Minister Damon replied that the whole spirit of the act was to render it impossible for large corporations or even individuals to obtain possession of large tracts of land by any means and cited the condition of affairs in Australia. He wanted the power to lease any tracts over 1000 acres in extent taken not only from the Commissioners, but the Executive Council also. There was too much land monopoly here already.

Senator Brown argued that the amendment might defeat its own object, as people would take up the choice lands and the worthless

ones would be unsalable at any price. Under the proposed law people would take the good with the bad.

Senator McCandless heartily agreed with the Minister of Finance.

The amendment was carried by the following vote:

Ayes--Lyman, Northrop, Notley, North, McCandless, Waterhouse, Schmidt, Wright, 8.

Noes--Hocking, Baldwin, Brown, Rice, Wilcox, Kaubane, 6.

When section 28 was reached Senator McCandless moved to amend by making it compulsory on leaseholders applying for land patents to surrender the balance of their leases at the option of the Commissioners. The amendment was lost by a tie vote, president Wilder voting no.

Sixty sections of the Act were read when the Senate took a recess to 1:30 p.m.

AFTERNOON SESSION.

The Senate resumed its session at 1:30 and the further reading of the Land Act continued.

When Section 80 was reached Senator Waterhouse offered three amendments concerning Oiaa lands and the improvements required thereon. Considerable discussion ensued over these amendments and it being intimated that others were to come the section was referred back to the Special Committee.

Senator Waterhouse offered to amend Section 84 by making the price of Oiaa lots at \$6, \$4 and \$3.

Senator Baldwin moved to refer back all Sections from 80 on to the committee. Carried by 8 to 6.

The Senate then took up Act 12, to facilitate the construction and maintenance of telegraph cables in the Pacific. The bill is on its second reading and is being read section by section.

THE REPRESENTATIVES.

The House met at 10 o'clock.

Mr. Haia was granted leave of absence from Wednesday for the rest of the week.

The bill to regulate the acquisition of rights of way over the lands of others was taken up for second reading.

Mr. Robertson, who introduced the bill, said its intent was to give effect to Article 12 of the Constitution.

Some verbal amendments were made, including the changing of "Crown" to "Public" Lands.

The bill passed and was ordered to be read a third time tomorrow.

A communication was received from the Labor Commission, conveying fifty copies of its report on "The Additional Agricultural Laborers Required."

Mr. Robertson on behalf of the Judiciary Committee introduced an act extending the terms of certain liquor dealers' licenses.

On motion of Mr. Hanuua rule No. 6 of the House was reconsidered. The mover thought that a Senate bill when passed by the House did not require to be certified back to the Senate by the Speaker and Clerk of the House, but should only be handed over to the committee on passed bills to be presented to the President for his signature.

Mr. Richards held that the President should have some notification that the bill had passed the House.

Mr. Robertson asked if the rule was not defective in failing to provide for such notification.

Mr. Richards thought it did make such provision.

The discussion ended in nothing. Shortly before 11 o'clock the House adjourned for the day.

The Stars and Unknowns will play on Saturday.

PINEAPPLE CULTURE.

Large Plantations Raising the Luscious Fruit in Ewa District.

Mr. Smith, lately from Australia, is now manager of the Pearl City Fruit Company. He is a practical horticulturist and good results are expected from his management. A large lot of seed pines has lately been imported by this company from Australia. By the last southbound steamer a trial shipment of pineapples was made to the Colonies, in hope of a market there in the antipodean winter. Lime trees planted along the fences on this plantation show a healthy growth, and will doubtless before long be a valuable source of profit.

Mr. McLean, manager of the Tropic Fruit and Fibre Co., Pearl City, is planting a large quantity of seed pines raised on the company's plantation. The ripe and ripening pineapples on this estate are of large size. A lot of the sisal fibre plant is being transplanted to unplowed land, and its place being filled with pineapples. The sisal is almost independent of moisture, growing luxuriantly in dry soil without irrigation.

Carl Willing is bringing the Woodlawn Fruit Co.'s pineapple plantation into a very promising condition.

These three plantations are adjacent to each other on the ridge overlooking Pearl City railway station and commanding a splendid view of Pearl Harbor. J. L. Torbert raises pineapples on his homestead lot in the middle-front of the series. With a gardener's care he gets fruit of fancy size and quality.

Messrs. Kidwell, Gallagher and associates have a pineapple plantation near the railway between Pearl City and Ewa Sugar Plantation. Close to the track in front of the estate the cannery is erected and is now in operation, putting up the fruit in tins for exportation in a preserved state.

IN THE HIGHER COURTS.

Some Matters Gleaned in the Judiciary Department.

James A. Low has been appointed administrator with the will annexed of the late Thomas Newell of California, under \$4000 bonds. His sureties are Paul Neumann, Jas. F. Morgan, F. B. McStocker and W. F. Allen.

Plaintiff has filed exceptions to Judge Cooper's decision sustaining the demurrer in the case of Edma Genevieve Trousseau vs. B. Cartwright and H. E. McIntyre, executors of the estate of the late Dr. Trousseau.

A motion by defendants for distribution of proceeds of commissioner's sale has been filed in Nahaolelua and others vs. Kaahu and others.

Miriam Kalua petitions to be appointed administratrix of the estate of her late husband, D. W. Kalua of Moiliili.

S. K. Kane, guardian of Keahoe and Piilani, minors, has rendered his account, showing receipts of \$321.75 and expenses of \$86.45.

A divorce case, in which both parties are Chinese, is on the calendar for the August term. It is unusual for Chinese to resort to the courts for the settlement of conjugal infelicity.

To Exempt Canaigre.

The act to encourage new agricultural enterprises exempts from taxation and import duties for the term of ten years from the date of its passage, all canaigre and fibre crops, and all preparations and extracts of canaigre and all vegetable fibres produced in this country; and all mills, machinery, appliances, tools and buildings, used exclusively in the care, cultivation or preparation of canaigre and fibre plants.
